

# DIGGERS EX-SERVICES JUNIOR CRICKET CLUB

ANNUAL REPORT  
2002/2003

# PRESIDENT'S REPORT

Another season has come to an end and it is a time to reflect of the great times and the not so great times.

A big positive for our club this year is the growth of our Junior teams. This is particularly pleasing to see and puts us in good standing for the growth of our club as a whole. We have seen a number of juniors come through the ranks and go on to play in our seniors grades. As in most country areas we see our juniors move out of the area but they have enjoyed the solid grounding of local sport. With the way our juniors have performed this year it is hoped in the next few years we will see a lot of them get the opportunity to play in the senior ranks.

Thank you to all of the parents and coaches who have helped out throughout the year. As always, our young players could not have the opportunities they have without your support. A special thank you to our Junior Co-ordinators, Mark Bellamy and Tim Hedditch, who have put in a lot of work developing our juniors.

Again this year ADNET have sponsored our junior teams and we thank them very much for their support. Without this support it would be very difficult for our club.

Our Seniors had mixed success. First and second grades did not make the finals but sure did have a lot of fun trying. There have been some great performances during the year. Third and fourth grades were beaten in the semi-finals. Congratulations to those teams for being in a position to contest those games.

A pleasing feature of our club is the enjoyment our players have. There is good morale within the club and this is important as we continue to develop and strengthen our grades. It was pretty tough on the field some weeks and I am proud to say we are a club that does stick together. We certainly have a good base to go on from here.

There are a number of people who work behind the scenes to make it all happen and I would like to thank my committee this year for its support. There are also non committee members who continue to provide support. Brendan Cunningham is a whiz with statistics and continues to keep club records. You will see them in our annual report. He does a great job and makes the job at presentation time that much easier. Joan Tolhurst for her tireless work in keeping everyone informed about what is happening within the club via our monthly newsletter. A lot of work goes into the newsletter and it is obvious when you see the news content. Margaret Webeck for being our scorer in first grade. Margaret has been scorer for a number of years and although her sons have now moved on Margaret continues to score for the team. I am sure all of the players appreciate the great work Margaret does.

To our sponsors Coffs harbour Ex-services Club we thank them for their continued support. To Warren Dean at the Fitzroy Hotel we thank him for his continued support.

Overall we have had a pretty good year. We hope people have had fun and enjoyed being with our club. The socials we have put on have been well attended and we hope we are in a position to keep providing this sort of event for our club.

It is now time to go into the off season and enjoy those winter sports and get ready to come back to cricket for the next season. The time will fly and it will be on before we know it. We hope to see you all back next year.

Yours in Cricket

Rob Silvy

# ADNET UNDER 10's

*Back Row:* Thomas Serong, Ryan Bennett, Ben Miller, Geoff Serong (Coach),  
Michael Nicholls, Shawn Alexander.

*Front Row:* Jordan Schleiger, Charles Archer, Rhys Tolhurst, Peter Job,  
Max Hastings, Anthony White.

# ADNET UNDER 10'S

## MANAGER'S REPORT

The season began back in October 2002, initially we did not have enough numbers with only 6 players, a full team being 8. In the first game the Under 10's played we had to borrow players from the Greenhouse Under 10's to have a full side. That was the only week the Diggers side were in that situation. Numbers continued to grow throughout the season and the team ended up with 11 regular players. I am sure that as a unit the boys and the club were the envy of all teams within the competition. On several occasions we were the ones doing the other teams favours with the lending of players to the other sides.

I am sure the Diggers boys all enjoyed their cricket this year, each having captained the side at least once as well as each being the recipient of a well deserved 'Man of the Match' award.

I would like to thank the players for the way that they attended training and matches. All the boys have certainly shown rapid improvement in cricketing skill and I am sure that all parents would no doubt have noticed this together with a change in their attitude. I certainly have and feel fortunate to have been involved throughout the year with a great bunch of boys. I would like to thank Tim "The Roving Reporter" Alexander and Sally "The Scorer" Archer for their assistance throughout the year. Without these two parents the year would not have been as successful. I must also mention Tim Hedditch for the time he put into initially organising the Under 10's as well as the time put in on the training track.

Our team of budding superstar consisted of a group of boys who all got on well together. Some solid friendships have developed throughout the season and hopefully these will remain within the Diggers Ex-Services Cricket Club for decades to come. Cricket in general as well as the Diggers Club will no doubt be the real winners as I am sure in years to come all the lads involved in the Adnet Under 10 side of season 2002/2003 will contribute to the overall strength of the Club. They have shown me that they all have sporting potential as well as the necessary life skills to do our Club as well as their families proud.

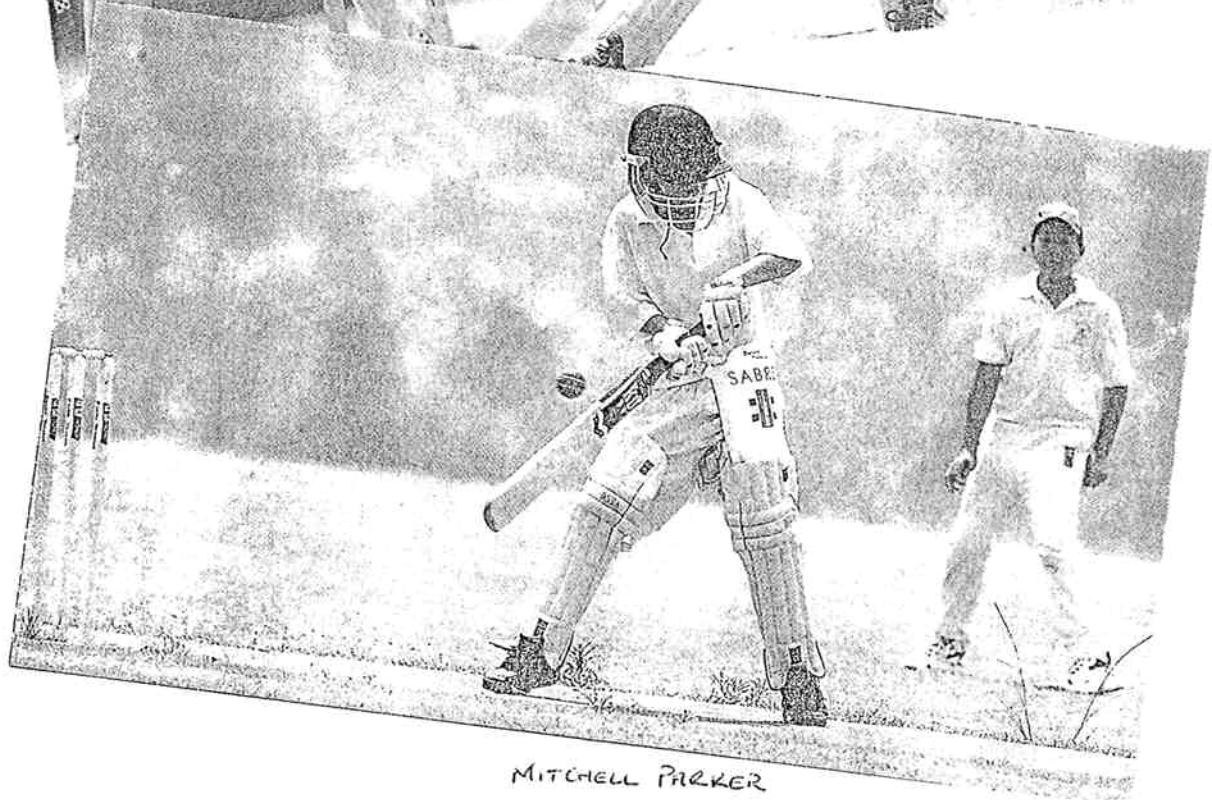

Well done boys and congratulations on a big year within the Club. All the best in your future endeavours. I am sure that in future I will be able to say to people "I remember that boy from th Diggers Under 10's. What a success he has become." Hope to see you all about the Club next year.
